

# YOUNG MINDS AT WORK:

• **Blending Biochemistry and Bioinformatics**

**FREE-ONLINE WORKSHOP**  
**10-12 DECEMBER 2024**

The Italian Bioinformatics Society (BITS) and the Italian Society of Biochemistry and Molecular Biology (SIB) young groups are organizing a workshop for youngsters from both societies.

The aim of the workshop is to encourage dialogue and create a network of young researchers with skills in bioinformatics, computational biology and biochemistry. The event will offer the opportunity to young researchers to submit contributions and participate to training sessions in computational biology that will be held in collaboration with the ELIXIR-IT training platform (<https://elixir-iib-training.github.io/site/>).

**SUBMIT YOUR WORK**

Deadline:

**REGISTRATION**
